Beneficiary Information

Primary Beneficiary

Sole Beneficiary

You may designate one individual as sole beneficiary. When a Sole Beneficiary is designated, payment options depend upon the member's length of credited service, as specified below.

Non-vested (Less than four years of credited service) – Refund of member's contributions and employer's matching funds, plus interest.

Vested (Four or more years of credited service) – Monthly retirement bene fits payable for the balance of designated survivor's lifetime or a refund of member's contributions and employer's matching funds, plus interest.

Multiple Beneficiaries

You may designate more than one beneficiary. When multiple beneficiaries are designated, monthly retirement benefits ARE NOT an option and payments will be made in a lump-sum only. When multiple beneficiaries are designated, the lump-sum payment will be made to the beneficiaries in equip shares unless otherwise specified in writing to the Wyoming Retirement System.

Alternate/Contingent Beneficiaries

You may designate one or more alternate/contingent beneficiaries. Should your primary beneficiary(ies) not survive you, payments will be made to your alternate beneficiary(ies) as specified.

If your beneficiaries are deceased at the time of your death or you do not designate a beneficiary, a lump-sum payment will be made to your estate. If you choose to list your estate or trust as beneficiary, a monthly retirement benefit is not available.
